News From Your TOWN HALL

In substance, we are now battling 100 on our proposed platform. Mr. Risk is for a City Manager; he also recognizes some change in the police and fire department is needed.

Still, Belle Glade is making a miserable showing for the number of registered electors. We still should have 1200 or more. In checking the membership of one club, we find that of its members is not registered and four wives not registered.

Any list of people you may get hold of will serve as a method of checking registrations. Ask God of checking registrations. Ask your neighbor—ask any anybody you contact. Let's let the world know how many folks there are here who are interested in government.

A miserable conditions exists with regard to our boys who are in service. A City ordinance provides that an absentee may not vote unless he is within the State of Florida. That was done to stop a misuse of the ballot by migrant workers in conjunction with unscrupulous politicians.

However, it is not right to the boys in service. This should be corrected by an executive ordinance so that those in the U. S. might vote.

You can register up until Sep. 8th. Help your City and yourself by getting everyone possible registered.

Tilly Walker Makes Top Club Honors Again

The inimitable Tilly Walker, who admits that he owes a lot to the city, has again won the business of life underwriting has again been listed among the Top Honors Club of his Company.

This comes about thru the amount and type of underwriting he did the past fiscal year. Reports are that he has already this year exceeded the mark in which he won honors last year.

Going Deeper and Deeper

The crew which is sinking the core test well at Twenty Mile Bend has gone down some 1500 feet, by date, but as being information is not expected under \$500 to \$600 feet, they have a long way yet to drill.

Successful Trip Concluded By Local Business Man

City Commissioner W. P. Risk and family, who has been spending the past few days on a business trip to Wisconsin, Michigan, Ohio, Pennsylvania, and New Jersey, arrived home on Monday night and reports a most pleasant trip both from pleasure and business standpoint.

He visited many of the firms in the north with the Agricultural Insecticides Corporation, of which he is president, have contacts and contracts. He attended the seed trial shows of the Ferry-Morse Company at Rochester, Mich., the exhibits at Penn State College at Penn State Pa., and the tomato seed show of the Stokes Company at Vincennes, N. J., and the Abbott and Cobb exhibits at Philadelphia, Pa.

While in Ohio he visited the farms of Chapman Bros., and Jacob Graber and Sons at Hartsville, and spent their magnificent farms growing vegetables. These men operate here in the Glades in the winter season.

When news came that Japan has agreed to surrender on terms, the news came in Ashland, Ohio, but the way those Buckeye people went wild and crazy in their celebration, drove them off the road to seek safety for the night.

There was just no way to restrain the hilarious celebration of the populace.

Weather conditions in Wisconsin were ideal, but owing to late cold spring all northern crops are backward, but looking good.

Enroute home the Risk's visited at Mr. and Mrs. C. E. Riedel at Monticello, N. C.

To Vote On Change From Town To City Classification

At the coming municipal election, qualified electors will be asked to vote on the approval of an act of the Legislature which would change the title of city corporation from that of the Town of Belle Glade, under which it is now incorporated to that of the City of Belle Glade. Endorsement of the act would mean giving the city a legal classification as a City rather than a Town, and in novices changes any of its past transactions and gives it an advance in municipal rating.

On the face of the matter, people who know, state that approval of this act would be a benefit to the city in many ways.

Activity Progresses Over In Local Packing House Center

The big packing plant of the Bennett company is now under roofing and siding process and the cement block pre-casting plant has walls well up in the second story.

The frame work for the new plant of the American Fruit Grower's Association has its framework about half completed and rapidly progressing.

The Wedgworth estate has cleared up a collection of old buildings situated east of its main plant and will make improvements thereon. A new road way has also been constructed from that plant leading to the north end of the packing house district.

The Florida East Coast has a large crew of men putting in switch connections to the new packing houses as well as for additional car housing purposes.

No work or materials for building the new ice plant for the City Ice and Fuel company's building is underway or delivered. This may be an early operation.

New Business Block Planned By Mathis-Boe Co.

Olaf Boe, of Pahokee, who has an interest in the Mathis-Boe concern here in Belle Glade, announced that the firm has plans and specifications drawn for a fine new steel and concrete block for Belle Glade to house the business.

The site of the building will be on the plat just south of the Pioneer Service Station on Main street, and the building will be two stories, 75x150. The ground floor will provide store display stock and repair rooms and the second floor will be used as a department store for various lines of merchandise. At the rear there will also be a living apartment also.

USO Comes Out To Entertain POW Boys

The Army boys who guard duty in the POW camp do not find Belle Glade a very pleasant place from the viewpoint of entertainment and amusement facilities and time often hangs heavy on their hands. The one thing of the week in which they do have entertainment and frolic is when the West Palm Beach USO outfit comes out on Thursday nights and gives them entertainment and pictures as well as special distribution of food, cigarettes and candy, books and games to add to their daily rations and facilities. The boys express themselves greatly appreciative of the weekly services of the USO for without it they would indeed have a dreary and lonesome time.

Camp Filling Up

Superintendent Earwood of Camp Okeechobee states that the monthly lot of repair and improvement work has been done at his place during the summer months and that accommodations are now ready for the influx of negro migrant workers who will come for the crop season. Some 20 families moved in to camp during the past week.

Golden Rams Are Rounding Into A Strong Team

Sarasota Paper Gives the Camp Activities and Training Plans

Coch "Bill" Cook is giving his Golden Ram candidates a thorough workout over at the State Park at Myakka City under ideal working and camp conditions. He is shifting the players around and determining the positions they will play, but it is yet too early to name the probable starting line for the opening game with Lake Worth. He has some mighty good foot ball talent who are showing good aptitude and efficiency in the game. The lads usually drag their weary bodies willingly to their bunks at the sound of taps. The two colored chefs swear there is nothing wrong with the appetites by the amount of good grub which disappears each 24 hours. The team is going to average around 165 to 170 pounds.

Some rain has fallen but not enough to spoil or disarrange the grid field. The boys have learned to like Park-keeper Crowley as he has been swell in taking care of their wants and entertainment. He managed a quick seeing trip to Sarasota for them which was much enjoyed. There are now 22 boys in camp training. The camp closes on Saturday.

Here is the daily schedule as carried out in camp:

1. Reville
2. Calisthenics 7:15 to 7:30
3. Breakfast 8:00 to 8:30
4. Practice 9:30 to 11:00
6. Rest for 30 minutes
7. Dinner at noon
8. Rest, fishing, games, kangaroo court session, fives, swimming 12:30 to 3:30
9. Practice 4:00 to 5:30
10. Rest and clean cabins 5:30 to 6:30
11. Evening supper at 7:00
12. Balance of evening in recreation and taps at 9:30

Interesting Camp Notes

The boys are getting a great kick out of the park keepers team deer. The deer already thinks she is part of the squad, getting out on the grid line and runs with the boys and has proven herself a good "blocker" of plays. Her antics cause a lot of hilarity.

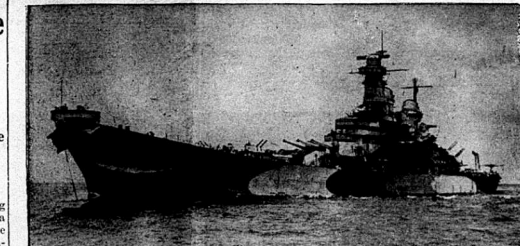

Sarasota sport editor giving our camp affairs a good play in his sheet, with pictures and write up and predicts a fine team. Many Sarasota fans have visited the camp.

Sarasota timers clocked Joe Cherry going down the field 10 seconds for the yard dash.

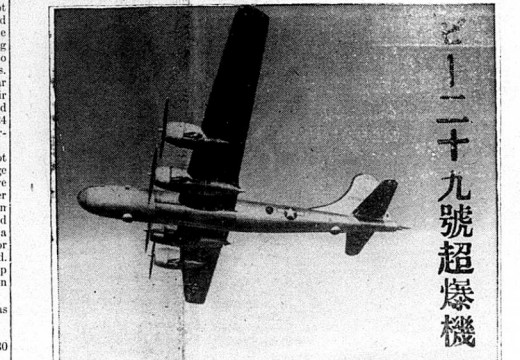

Principal Frank Holston given a big hand when he appeared in camp.

Two of the squad boys assisted in saving Sarasota lad from drowning in the lake and showed cleverness in making the rescue.

George Wedgworth given a warm welcome when he arrived in camp from his summer in the Carolina mountains.

The United States Navy's mighty 45,000-ton battleship, the USS Missouri ended her World War II career in a blaze of glory yesterday in Tokyo Bay, when she served as the scene of the historic unconditional surrender of Japan to the United Nations. Proudly bearing the name of the home state of President Harry S. Truman, the fighting USS Missouri has been named by General of the Army Douglas MacArthur Supreme Allied Commander, as the locale of the formal ending of the war in the Pacific.

GI's, Sailors and Marines get ALL OUR VOTES for being heroes "saviors of our country" and fighters for LIFE, LIBERTY and JUSTICE, while on the MISSOURI with MAC or BULL HALSEY, or while they're shoving atomic bombs on Japan at B-29's.

CITY COMMISSIONER OF BELLE GLADE THINK SO MUCH OF THEM THEY CAN'T VOTE IN CITY ELECTIONS—IF THEY'RE OUT OF THE STATE.

Sgt. Alvin Crow Killed In Crash

South Bay Town Clerk and Mrs. A. B. Crow have received word from the War Department of the death of their youngest son, Sgt. Alvin Benson Crow II.

Sgt. Crow is a native of Florida who was killed in a plane crash on Luzon on August 1. Sgt. Crow, entered the service in June 1942 and was sent overseas in June 1945.

He was aerial engineer and turret gunner on a B-24 Liberator with the 13th Air Force's "Long Rangers." Letters written by him will serve a buffet supper for the crew engaged on routine flights in the Philippines.

Sgt. Crow is a native of Florida and was 24 years of age. He attended school in West Palm Beach, Lake Worth and Largo.

He was employed at Middle-Mo-Kay Aero College before entering service.

Besides his parents he is survived by his maternal grandfather, John Ricker Crow of West Palm Beach, his paternal grand-

Labor Day Two Ball Tournament At Club Followed By Supper

Bill Schreiner, pro, is busy arranging for the annual two-ball mixed tournament for the holiday Monday, play to begin at one o'clock.

Handicaps are used and partners are drawn out of a hat, so that presumably everyone starts off even. First the lady and then the male member take a swat at the ball and follow that routine all the way. Playing this ball is restraining on the men who are tempted to talk to the ladies and themselves at times.

After the play is finished the ladies will serve a buffet supper. Service men and women are invited to be guests of the Club for this occasion.

"Pop" Risk, who heads the Lion's club, has a pretty formidable list of workers on his committee, to carry on the work of the club during the present year.

Commissioner Tells About Spending County Finances

W. P. Risk presided over the Lions Club Wednesday after a vacation absence of several weeks and 34 of the 46 members were present to welcome him home. Risk told the club that the second meeting in September would be observed as 100 percent attendance day and he wanted a perfect record on that occasion.

The speaker of the day was County Commissioner Paul Rardin who spoke on "Your Money and Where It Goes." Paul being trained as a newspaperman has been digging out interesting facts and figures in his informal talk gave the members a lot of new things that many knew nothing about.

First he told of the county population, 112,000 or more, of which 34,000 are in the Glades; the property valuation, which is over a hundred million, but only

Fall Call For Opening Of Public Schools Issued By Educational Authorities

Driver's Licenses To Go On Sale Tuesday

State drivers license will go on sale Tuesday, September 4th at the Harris Insurance Agency here. The deadline will be October 1st and after that date applicants will be required to take a drivers examination from the State Highway Patrolmen.

These licenses may also be purchased at the County Court House in West Palm Beach or a post office money order accompanied by a self-addressed, stamped envelope along with the old license may be mailed in. The fee will be \$1.00 for an operators license and \$2.00 for chauffeurs.

There will be a service charge of 25c attached to the above cost for each license purchased here.

Walker Fears Home Recovers From A Critical Injury

The parental fears of Mr. and Mrs. Burns, on Tuesday night were made most happy when their eldest son, Walker, came walking into the hotel after being away in service for more than two years, nine months of which had been spent in Government hospitals in Panama and Jacksonville.

Walker was with the Marine Corps in the Panama Canal zone, being a Pfc, when he was injured and underwent a serious critical and seldom performed operation and he gives the medical and surgeons highest credit for their wonderful skill.

He was flown by special plane from the Canal zone to Jacksonville Naval hospital arriving there on July 1st. From what apparently was to be a life affliction Walker is now coming back to normal life is looking and feeling very good.

Says he got the Herald down in Panama but did not get the foot ball news of last year until his late as a bunch of papers came all in a lump so that he could consecutively follow the progress of the season and that he also appreciated the interest in keep in touch with home town happenings as recorded in the Herald.

The speaker of the day was County Commissioner Paul Rardin who spoke on "Your Money and Where It Goes." Paul being trained as a newspaperman has been digging out interesting facts and figures in his informal talk gave the members a lot of new things that many knew nothing about.

First he told of the county population, 112,000 or more, of which 34,000 are in the Glades; the property valuation, which is over a hundred million, but only

OBSERVATION and Comment

By John M. Gladhill

There are lots of people in the Glades who have money in their jeans who are holding until new money can be purchased.

Well that time is not going to be as far away as at first suspected for now the Government has willed that the car producers can go ahead on a full head of steam in productions in the turning out of cars, trucks and rubber men with tires likewise.

Made up your mind what type and make of car you want? You will have quite a display from which to choose your next buzz buggy.

Think of it, the summer has about gone, and now we are again ready to begin a busy and expanded season down here in the Glades to supply those northern markets with their winter vegetables. Millions of the "snow birds" know just how important great activities down here and when you try to tell them all about it, even in meager terms, they just don't believe you, and look upon you as a prevaricator.

As my fellow workman in the Studebaker plant at South Bend when as an honest newspaperman trying to tell the truth, they looked upon me as an Ananias.

One only needs to travel over the city streets to find out that it is moving in every direction and soon there are going to be many vacant building sites covered with new buildings.

Registration Days Sep. 6 and 7 Regular School to Start September 10th

Principal Frank Hobson has given to the Herald the following schedule information as to the activities for the opening of the schools which are self explanatory.

Busses will run at 9:00 Thursday morning, September 6. Children will not report to school 1:00 to 3:00 Thursday afternoon.

Elementary pupils will report to school at 9:00 for registration Thursday morning, September 6. The 10th, 11th, and 12th grades will register from 9:00 to 12:00 Thursday morning. The 7th, 8th, and 9th grades will register from 1:00 to 3:00 Thursday afternoon.

Teachers will check books on Friday morning. There will be a general teachers meeting Friday afternoon at 2:00, September 7, in the High School auditorium in West Palm Beach.

All 1st grade pupils will be required to bring a birth certificate. Any child will be eligible to attend school who will be six years of age by January 6.

We anticipate a larger enrollment than last year and we expect an overcrowded condition until the four additional rooms are completed.

Mr. Nels and Mr. Terry have done a splendid job of cleaning and repairing the entire school.

If anyone has a room or apartment to rent to a teacher please notify Mr. Hobson at the High School, phone 1-J or Mrs. F. D. Stevens, 256-J or Mrs. J. H. Chamberlain, 33.

The following are the teachers serving on the Faculty:

Oceola School
Miss Lucetta Simonton, grade 1; Mrs. Emma Greenwood, grade 2; Miss Frances Berry, grade 3; Miss Alice Kerr, grade 4; Mrs. Dorothy Wright, grade 5-6.

Belle Glade School
Mrs. Elizabeth Wierengo, and Miss Margaret West, grade 1; Miss Blevins and Miss Susie Murphy, grade 2; Mrs. Edythe W. B. B. Granger, grade 3; Miss Daisy Wilder, grade 4; Miss Holt grade 5; Mrs. Miez Dickinson grade 6; Miss Mary Collier, grade 6; Miss Anna Murphy, Public School Missie.

Miss Kathleen Rogers and Mrs. Dilworth, Junior High; Miss Mary McDermott, History; Miss Mary Grier, English and Spanish; Miss Margaret Roberts, English; Miss Katherine Loverty, Phys. Ed.; Mrs. Prescott, Home Ec.; Miss Sara Digs, Mathematics; Miss Eva Bryant, Science; Mr. J. R. Davidson, Agriculture; Mr. H. H. Cook, Phys. Ed.; Mrs. James B. Norring, History; Math; Mrs. Ida W. Hardy, Commercial Subjects; Mrs. Bobb Alburn, Band; Mr. F. O. Olson, Principal; Mrs. Doreen Cook, Secretary; Librarian, open.

Local Insurance Man Robbed By Negroes

Arthur Campbell, former Pahokee shoe repairman and now employed in Belle Glade as an insurance solicitor, while returning from West Palm Beach early Monday morning, was held up near Twenty Mile Bend and robbed of \$250 in cash, which was part of his service pay.

Campbell reports that the colored highwaymen put their car across the line of traffic and caused him to stop and get out of his car when he was then searched and robbed. There was a third party in the negro car, but whether man or woman he robbery to ascertain. After the robbery they continued their trip toward the east. Arriving at Belle Glade Campbell at once reported the holdup to police.

SERVICE MEN who FIGHT and WRITE

SGT. IRVIN A. ZUMPF

Sergeant Zumpf has been awarded a Certificate of Merit in recognition of conspicuously meritorious and outstanding performance of military duty at the Army with the 7th Armored

efforts while serving as Armored driver for many months of combat in Belgium, Holland and Germany. The manner in which he carried out his duties merits high commendation. This is signed by Major General R. W. Hasbrouck. Zumpf entered the service three years ago and has served overseas since last September with Company A, 21st Tank Battalion. Prior to enlistment in the Army, he was connected with Fritz Stein in farming operations here.

Mrs. Zumpf served as medical technician at Nichols General hospital in Louisville for two years while Sergeant Zumpf was stationed at Fort Knox, during which time she was presented with a medal for meritorious service from the War Department. She returned to Belle Glade when he went overseas and accepted the position as nurse for Dr. Wm. J. Buck.

PFC. WILLIAM W. COOK

Private Cook has just returned

leugh with his mother, Mrs. J. H. Cook. He is wearing campaign bars for European service and good conduct, and has a presidential citation. While based with the 452 Bombing Group in England he married an English lady who will later join him here in the States. He will report Lowery Field, Denver, Col. to signment to duty.

WALLACE LUTZ, S 2c
Seaman Lutz who has been receiving his training with the Seabees at Davisville, R. I. has been transferred to a Naval base in California.

SSGT. WALLACE WILLIAMS
Staff Sergeant Wallace Williams has been transferred from Sioux City, S. D., to re-assign to the 452 Bombing Group in England he married an English lady who will later join him here in the States. He will report Lowery Field, Denver, Col. to signment to duty.

No Substitute For Freedom

Day by day our rationing and price control system grows more taut. This situation brings us face to face with an issue which involves liberty itself. Will we turn back to the American system of a free economy at the earliest moment, or will we go further with controls that restrict for every individual what he may produce, buy or sell? If we accept the latter doctrine, we should not kick at restrictions and shortages. If we accept the former doctrine, we should not kick at higher lower prices based on true costs and a competitive market. We can't expect a free and easy American life with the risks it involves and the opportunities it offers, under a controlled economy.

A growing number of economists favor an early release of price controls. If some industries charge excessive prices, many new competitors will be attracted into these fields and a torrent of production will eventually cure high prices. Breakdown in price controls on reconversion products is feared by some who have studied the staggering task, as special post-war industrial situations that must await investigation may run into hundreds of thousands and small companies cannot survive long waiting periods.

The greatest safeguards the United States has against inflation are its manufacturers who produce on a low-cost basis and its system of mass retailing which distributes at a low unit-profit. That system, which before the war gave our nation the greatest customer service in the world, cannot exist by raising prices arbitrarily. Its salvation depends on low prices. It cannot operate on a basis of scarcity and restricted distribution. It operates on the philosophy of plenty. Such a system is a check on price gougers.

Things One Remembers

There is a story told about a mule that belonged to an old Italian fruit peddler. His mule was a contrary animal, and for no good reason would balk, or back at the most inopportune times.

One day after loading his wagon with fruit at the dock, he gave the mule the go signal, but with no results. In spite of all his pleadings and pushing and pulling the stubborn animal would not budge. Finally it started to back, and he could not stop it. As the wagon approached the edge of the dock, the old man clung to the reins to prevent impending catastrophe, but to no avail. The mule backed into the bay.

The old fruit vendor watched that sad ending. Then wiping a tear from his eye, he muttered, "I hope you got your satisfaction."

Here in the United States almost every important law enacted in the past decade, has backed our country toward the quagmire of state socialism. Will we stubbornly continue to back to our doom, or will we reverse our course and go forward toward the solid ground of freedom from political dictation and domination of personal and business affairs?

Railroad Injury Rate Lowest In History

In order to correct erroneous impressions that have been caused by some railroad wrecks in recent years, the Association of American Railroads has made available statistics which should be comforting to the traveler.

The railroads have had to pick up virtually all of the increase in freight and passenger traffic caused by the war, with approximately the same number of cars which they had at the beginning of the war. But, in spite of this, they are now carrying about four times the passengers they carried then. Furthermore, they are carrying nearly two and one-half times the passengers they did in the war year of 1918, with 30 per cent less equipment. Previous to this war, the railroads added more than 300 passenger-carrying cars a year, but during the whole of the present war they have been able to get only 150 new cars, and none within the past two years.

The 58th annual report of the Interstate Commerce Commission on page 33, says: "... in each of the years following 1940, the passenger casualties, both fatal and nonfatal, averaged fewer per million passenger-miles than in 1940." This means that in 1944 the passenger who rode the average distance traveled each year on the railroads would have had to travel more than half a million years before meeting a fatal accident.

There is no desire to minimize the wrecks and injuries during the war years. But, in relation to the tremendous increase in traffic and opportunity for injuries, the fact stands out that the rate of injuries is the lowest in railroad history, and the railroad record for safety continues to be one of the nation's industrial marvels.

Hitler Also Promised Much

There should be a new definition for so-called "liberal" parties. They always seek public support under the guise of giving the "common man," whoever he may be, greater liberty, opportunity and ease of living. But, contrary to their preachings, they invariably seek to blind him with the shackles of state control.

The destruction of personal liberty and private prop-

THE ROCKETBOOK KNOWLEDGE

erty rights would be no sweeter under the term "liberalism," than under the term, "Hitlerism."

New School Assignments which was prolonged owing to the heavy rain at closing time,

was an excellent one with selected leaders conducting the big chorus choir and audience in songs.

Special interest was centered about the music of T. E. Bishop, the blind Georgia musician who is serving at the Baptist revival there, who sang and played piano selections and was assisted by Rev. Mosberg, who also favored with special numbers. The September convention will be held at the Church of Christ in Lake Worth.

Old Time Crowd

Attend Singing

Convention Fete

The fourth Sunday singing convention of the Palm Beach Singing organization was held at the Palokah Baptist church on Sunday and with great available crowd came from all portions of the East Coast and Glades, jamming the church to the doors.

Buy Defense Savings Stamps and Bonds.

THEY DIED TO MAKE THEM FREE

This poignant picture made by an Army Signal Corps photographer shows a kneeling Roman mother and child gently and reverently placing flowers over the still forms of two American boys who paid the supreme price to liberate them from the Axis and Fascist grip. Look at their faces and you will see that both mother and child realize that these Americans died for them. Remember this picture when you are asked to buy an extra War Bond.

FIGHT AND WHITE

This is his first leave in over two years. He will report to Charleston for re assignment to duty.

LT. CHAS. E. HATCHER

First Lieutenant "Hatch" Hatcher writes from Southern France: "Thought I had better write to you and let you know that I have been receiving the Herald regularly and enjoy it very much. Three of them came in today's mail. My address has been slightly changed since we moved from England to Southern France. I have been to Paris a few times and also to London."

Most of us are still trying to go to Rome and Athens but as yet only a few have been able to go. There has been a few changes here during the past few weeks, the biggest one for myself being a promotion from second to first lieutenant. As soon as we finish the job we are doing here, my bomb group is going into the air army of occupation."

Social Happenings

Frank Hobson returned home this week from Tuxedo, N. C. where he served as counselor at Camp Arrow Head during the summer. Enroute home he visited his mother in Tennessee. Mrs. Hobson and Donnie will return in two weeks from Palm Beach where they have spent the summer months.

Mr. and Mrs. R. Y. Creech and son, Barnes, have returned to their home here after spending the summer on Ft. Myers Beach.

R. R. Taylor is on a business trip to New York.

Miss Norma Weeks, daughter of Mrs. Josephine Farmer, has recently accepted a position with the Western Union Telegraph Company here.

Mr. and Mrs. G. D. Kirkland are enjoying their two weeks summer vacation which they plan to spend at home this year.

Mr. and Mrs. Ross Winn of Chosen, have as their house guests Mrs. Rachel Cover and Lloyd, Julia and Howard Warner of Port Clinton, Ohio. Mrs. Cover is the sister of Mrs. Winn.

Mr. and Mrs. Luther Jones have as their guests this week Mrs. Virginia Howington and daughter, Eunice, Mr. and Mrs. C. T. Towler, and Mrs. W. T. Ewing, Jr., of Atlanta, Ga. Mrs. Howington and Eunice have remained here to make their home.

Mr. and Mrs. J. O. Darden and grandson, Bob Mathews have returned home after having spent a vacation in Tennessee.

Mr. and Mrs. R. L. Murray are visiting her brother, John L. Pritchett at his home in Ft. Worth, Texas. They plan to return here next week.

Mr. and Mrs. Z. T. Ingram have had as their recent house guests Mr. and Mrs. M. E. Foster and son, Michael, and Mr. and Mrs. August Keopka and son, Clayton, of West Palm Beach. Clayton is home on leave from the Navy and has just returned from his 40th trip across the Atlantic.

Mr. and Mrs. Hub Spooner are moving to their home in Clewiston today after occupying an apartment in the Herald Building during the summer months.

The Rev. and Mrs. I. E. Enlow and daughter, Charlotte, have returned from Kentucky where they visited friends and relatives for the past month. Phillip remained to enroll at Georgetown College.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. J. C. Williams are announcing the engagement and approaching marriage of their daughter, Marion Elizabeth, Seaman 1st WAVES to Richard Fisher, S. 1st USN.

Miss Williams is a graduate of Belle Glade High School, class of 1943 and enlisted in the WAVES a few months later. She received her training at Hunter College, New York City and was assigned to duty at the Naval Base at Arlington, Va.

Mrs. Williams will have here next week for Arlington where plans are being made for a church wedding on September 15.

BLESSED EVENT

Mr. and Mrs. Charles L. McWhorter are announcing the birth of a son at the Everglades Memorial hospital in Palooka on August 24. He has been named Charles Ronald.

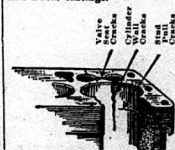

Mr. and Mrs. Albert Reese are announcing the birth of a son on August 27th.

Home Demonstration Club Holds Meeting

The Woman's Home Demonstration Club met at the Womans Club House Friday afternoon in a postponed work meeting. The meeting was planned as an all day session for Thursday, August 16, but was postponed on account of the celebration following the surrender of Japan. Miss Bertha Nill Hausman was out and directed the work of 2 and painted stenciling of household linens. Approximately fifteen women were present and many beautiful designs were painted on table runners, luncheon sets, tablecloths, curtains and other linens for the beautification of the home. It is planned to have another all day session before Christmas for the purpose of making gifts.

Paul Smith Co. Will Erect Scarboro Block

George Scarborough has let the contract for his new business block and apartment at the corner of Avenue A and C street to the Paul Smith Co., of Tampa, and the contractor has already started work on the same. The old buildings on the front of the site will be removed. The building of steel and concrete structure, with cement ground floors, will house two store units and living apartments above and both the lower units are already under contract to tenants. The new block will be a nice addition to the corner.

Glades Appliance Corporation

Home Furnishings—Household Appliances

Glad He Chose The Glades

E. R. Borchardt spent the past week end in a business trip to Orlando and Sanford for the purpose of inspecting farm methods as carried on in that section. He says "after looking over the situation there he is happy that he chose the Glades section for his farm promotion and will be very much content to go on with his local farming and packing house program."

Mr. Borchardt predicts that the potato acreage to be planted here this fall will break all record yields, with favorable weather. Celery planting was started on the company's farm Monday.

Calico Entered In Races

J. H. Harrell of Bean City took his running mare "Calico" to Lakeland where she was pitted against "Charlie Horse" a fine horse out of Tampa. The Harrell entry found a sturdy and fast competitor but the Glades mare pulled down the purse. Harrell is taking his horse to Ocala for a match race on August 29, at Lakeland on the 31st and will compete in the Wachula events on Labor Day.

Schools Will Aid In Victory Bond Sales

The Government has made announcement that another War Bond sale is to be staged in November and that the amount needed will be eleven billion dollars and it will be known as a Victory Bond sale.

The schools of Palm Beach county have made such a fine record in the past that County Superintendent of Public Instruction, John I. Leonard, has approved of another organized sales drive in the county school system to dispose of \$96,000 of bonds.

To Belle Glade Electors

Being sincerely interested in the future welfare of Belle Glade was the prime reason why I consented to become a candidate for a seat on the City Commission.

If my platform, as announced last week, met with your full approval, then there is only one way those issues can be put into effect and that is to place me on the Commission where they can be legally carried out.

Experience is a great asset to any man. Such experience as I have garnered and could apply should stand well in City Commission administration and municipal affairs.

It is going to be necessary for City Commission members to have and use business accumen and judgement to meet the important problems of the post-war area, and arrive at the right decision, and have them function for the best interests of the city.

My best efforts are pledged to you in behalf of a clean, honest, efficient, progressive government in our city affairs.

Remember the election day is September 11th

LEE PUCKETT, Jr.

(Paid Political Adv.)

COMMISSIONER
(Continued from page one)
8.5 per cent of it in the Glades assessed at \$8,250,000.

He told how the Glades area formerly got from \$30,000 to \$40,000 a year for roads, bridge maintenance and how he managed to get a \$100,000 appropriation in the budget of this year from which trucks, loaders and drag line will be provided.

He also told of how and what the county officers were paid in salaries. He admitted that the commissioners got a good stipend, \$250 a month, \$50 for car maintenance and to comply with the new law, a new automobile for his county work use. That DeWitt Upthegrove, Registrar, under the law, would see an increase from \$2400 to \$4200.

The speaker told of special laws, which raised special funds for particular projects, what he had in mind on road projects as well as several other off the record plans.

TOO LATE TO CLASSIFY
FOR SALE—Cash register. Practically new Burroughs machine. Inquire Nick's Bar or write box 22 N. C. Jones, Belle Glade. 8-31-11
